

Involved in an ongoing dispute with no end in sight?

There is a way to resolve it-

Try using trained, **impartial mediators** to get you and the other party (s) together in a **safe, private place** conducive to dialogue.

Mediators allow everyone to calmly explain their points of view, helping all participants work out their differences and come to their own resolution of the problem. **This low-cost method of dealing with disputes has proven successful around the country and the world.**

Mediators help with a wide range of disputes including:

- **Neighbors:** noise, land use, landlord-tenant, construction and property disputes
- **Family:** parent-teen, eldercare, marital issues
- **Youth and Schools:** fights, cyber bullying, rumors, bus incidents, sports disputes, special needs and discipline issues
